

## What our clients are saying....

Dave, I wanted to take a minute and thank you, Joe, Carroll and the rest of your team for the excellent job you did on our project. We just couldn't be happier with the way it came out. You have transformed our house from being the "ugly duckling" of the neighborhood into a true "swan". Its "coming out party" was our annual Holiday Open House on Sunday for 150 clients, friends and members of my firm. To a person, every guest commented on the beautiful landscaping and the magnificent car court they passed through to get to the front door. We also took advantage of the unseasonably warm day to make sure everyone went out on the back veranda to see the transformation of the pool area as well.

You certainly came through on your promise of quality and attention to detail, and Leeda and I have commented to one another on more than one occasion how lucky we were to have selected you and your team for this project. Please feel free to use us as a reference for future clients and know that you will get a stellar recommendation. Thanks again for all your hard work.

--Rand and Leeda, McLean

Thank you so much for your assistance with the Gold Cup. I can't tell you how many wonderful comments we received on the landscaping. My sons said that they were listening to comments of people that passed by and heard so many say that our tent was by far the most beautiful. I can't wait until next year. I'm looking forward to your stone wall.

Dear David, Bedford, Ernesto and the Staff of Landscape Associates: Every time I go out from my house to my front, side or backyard, I marvel at all the talent, insistence on quality and outstanding work ethic that Landscape Associates demonstrated in creating the design for my outside property and implementing all phases in the process of making it a beautiful and breath-taking reality. I just wanted to say that it is rare to work with a company that insists on an even higher degree of quality than the homeowner. Landscape Associates, Inc. is a singular gem! The high standards that you set and deliver are exceptionally valued by your clients. Thank all of you at Landscape Associates for everything you did to make me so happy to enjoy and proud to come home to my residence in Fairfax City.

-- Rosemary, Fairfax City

As usual, the landscaping looks great. We have had a lot of comments from the neighbors, and a lot of people now stop to look as they drive by. One of the neighbors wants to copy it. I guess that's the best complement you can get. Bedford and his team did a great job. Your crew does excellent work and conduct themselves in a very professional manner...You should be very proud of them...Most people are amazed when I tell them about how good you and your people are. We look forward to working with you again on our next project...

Thanks to you for a fabulous plan and also to the crew who took such care and pride in putting the plan together. We have received many compliments and usually the comment is, "It's the best landscaping in the neighborhood." And I agree. Thank you!

This thank you is long overdue –and grows bigger as time goes by. [We] really appreciated the 'manicure' you gave our landscaping, as it has really enhanced the overall beauty of everything this spring. We are really proud of the way our front yard looks, and we receive compliments on it all the time. You have made a wonderful reputation for yourself, and we wish you much continued success.
